RELIGIOUS AND CULTURAL OBSERVANCES

This calendar is a resource designed to encourage public awareness of the diverse religious and ethnic groups in our community. However, because of the great number of religious, ethnic, and cultural groups who reside in the United States, we recognize that this resource cannot provide an exhaustive list for all of our faith traditions.

Many people may find the calendar helpful as it identifies opportunities for discussion about different religious and faith practices. It also serves as a reminder of those religious observances that many may wish to attend, and therefore can aid in the planning and scheduling of events and meetings.

ADDITIONAL NOTES

- Dates of holidays and festivals were researched to the best of our abilities.
 These dates may vary depending on region and affiliation.
- Bahá'í, Jewish, and Muslim holidays begin at sunset on the evening before date listed.
- Buddhist, Hindu, and Sikh holidays may be observed at different times
 than those indicated here. The observance date depends on both religious
 group affiliation and region. For example, Buddha's birthday is one of the
 most widely celebrated of Buddhist holidays. However, no one date is accepted by all Buddhists. Thus, the observance of Buddha's birthday varies,
 as seen by the inclusion of Wesak, Bodhi Day, and Buddha Day in this calendar.
- Christians follow a number of different calendars depending on their denomination and/or region. This calendar includes dates for the Gregorian (Western) calendar, which is mostly followed by the Roman Catholic Church and Protestant denominations, as well as dates for the Orthodox New Calendar, which is the same as the Gregorian calendar for fixed holidays and observances but uses the Julian calendar for moveable feasts. The Orthodox New Calendar is primarily used by the Greek and Cypriotic Orthodox Churches.
- We recognize that for many Christians, the observance of days that commemorate the lives of saints is an integral part of their faith. Many of these days have not been included as part of this calendar because they are vast in number and observance differs greatly by region, denomination, and personal belief.
- Jewish dates in this calendar are generally in accordance with the Orthodox tradition. The length of some holidays and the extent to which they are observed vary according to denominational affiliation.
- Muslim holidays are subject to change because observance follows the lunar calendar, aligned with the phases and sightings of the moon.
- The Sikh calendar their own Nanakshahi calendar— was adopted on March 14, 1999 and aligns with the Gregorian (Western) Calendar.
- For more information on particular local or regional observances and traditions, please feel free to contact individual constituencies.
